

## Authorized Identification

An elector whose name is not on the List of Electors may vote after producing government issued identification containing the elector's photograph, current address and name. This includes an Operator's (Driver's) Licence or an Alberta Identification Card.

An elector whose name is not on the List of Electors, and who is unable to produce government issued identification, must produce two pieces of identification from the following list prior to voting. Both pieces of identification must establish the elector's name. One piece must establish the elector's current address.

Where an attestation is used to confirm identity and residence, additional identification is not required.
